

# Benzene-d6

Synonyms:

| C6D6             | Classification |                         | Danger |                                                                                                                                                                       |
|------------------|----------------|-------------------------|--------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Molecular weight | 84.07          | ONU                     | 1114   |   |
| CAS              | 1076-43-3      | Transport hazard class: | 3      |                                                                                      |
| EEC-N:           | 214-061-8      | Packing                 | II     |                                                                                                                                                                       |

Benzene-d6

&gt; RS - Per NMR-min 99,5%

Grado Speciale

**Benzene-d6**

&gt; RS - Per NMR-min 99,5%

**Grado Speciale**

| ID    | Size         | Packaging          |
|-------|--------------|--------------------|
| P5085 | 25 ml        | Bottiglia di vetro |
| P5086 | 100 ml       | Bottiglia di vetro |
| P5089 | 10 x 0.75 ml | Fiala di vetro     |
