

Sodium nitrate

Synonyms:

| NaNO3            | Classification                    | Danger                                                                                                                                                                     |
|------------------|-----------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Molecular weight | 84.99 ONU                         | 1498   |
| CAS              | 7631-99-4 Transport hazard class: | 5.1                                                                                                                                                                        |
| EEC-N:           | 231-554-3 Packing                 | III                                                                                                                                                                        |

Sodium nitrate

> RE - Pure

Technical Grade

|                      |                    |     |
|----------------------|--------------------|-----|
| Description          | Yellowish crystals | -   |
| Identification       | Positive           | -   |
| Chloride             | <= 0.5             | %   |
| Insoluble in water   | <= 500             | ppm |
| Heavy metals (as Pb) | <= 50              | ppm |
| Sulfate              | <= 0.5             | %   |
| Fe                   | <= 50              | ppm |

|                |       |             |                 |
|----------------|-------|-------------|-----------------|
| Sodium nitrate |       | > RE - Pure | Technical Grade |
| Assay (on dry) | >= 96 | %           |                 |

| ID                  | Size  | Packaging      |
|---------------------|-------|----------------|
| 0000000000000371802 | 25 kg | Plastic bucket |
| 0000000000000371809 | 5 kg  | Plastic jar    |
