

EC HPLC column (analytical), NUCLEODUR Sphinx RP, 5 μ m, 100x4.6 mm

MACHEREY NAGEL

The mythical creature "Sphinx" has a lion body and often a human head. High purity NUCLEODUR silica gel is modified with a balanced ratio of propylphenyl and C18 ligands. This bifunctional RP phase shows a unique selectivity and widens the scope for method development based on hydrophobic and additional - interactions.
